Market Analysis

Best performing segments

Why do online bookings cancel more?

Is 60% occupancy rate good?

How to reduce revenue lost?

- The Corporate market segment typically generates the highest revenue due to high occupancy rates and repeated bookings.
- This segment often has a lower cancellation risk compared to other segments.
- Online market segment bookings can also contribute significantly to revenue, especially during peak months.
- Aviation and Complementary segments may have lower revenue contributions due to their nature of bookings.
- Analyzing Revenue per Booking by Market Segment can provide more detailed insights into revenue generation.

- कॉर्पोरेट बाजार खंड आमतौर पर सबसे अधिक राजस्व उत्पन्न करता है क्योंकि इसमें उच्च अधिवास दर और बार-बार की बुकिंग होती है।
- इस खंड में अन्य खंडों की तुलना में रद्दीकरण जोखिम कम होता है।
- ऑनलाइन बाजार खंड की बुकिंग भी चरम महीनों में $\sigma\eta\mu\alpha\upsilon\upsilon$ राजस्व योगदान कर सकती है।
- विमानन और पूरक खंडों का राजस्व योगदान कम हो सकता है क्योंकि उनकी बुकिंग प्रकृति अलग होती है।
- बाजार खंड द्वारा प्रति बुकिंग राजस्व का विश्लेषण अधिक विस्तृत जानकारी प्रदान कर सकता है।

Welches Marktsegment erzielt den höchsten Umsatz?

- Das Corporate-Marktsegment erzielt in der Regel den höchsten Umsatz aufgrund hoher Auslastungsraten und wiederholter Buchungen.
- Dieses Segment hat oft ein geringeres Risiko für Stornierungen im Vergleich zu anderen Segmenten.
- Online-Marktsegment-Buchungen können auch während der Hochsaison einen bedeutenden Beitrag zum Umsatz leisten.
- Die Marktsegmente Aviation und Complementary können aufgrund ihrer Buchungsart geringere Umsatzbeiträge haben.
- Die Analyse des Umsatzes pro Buchung nach Marktsegment kann detailliertere Einblicke in die Umsatzgenerierung liefern.

哪個細分市場帶來的收入最高?

- 企業細分市場通常帶來最高的收入，因為其入住率高且有重複的預訂。
- 此細分市場的取消風險通常低於其他細分市場。
- 線上細分市場的預訂在旺季也可以帶來可觀的收入。
- 航空和贈送細分市場的收入貢獻可能較低，因為其預訂的性質不同。
- 進行每筆訂單的收入分析按細分市場，可以為收入產生提供更詳盡的見解。
